## Experience

### Front End Intern

Critiview  
07/2024 - 12/2024

- Worked on the user experience and functionality of Critiview's platform.
- Designed and developed the frontend architecture for web applications using modern web technologies, ensuring it aligns with the overall system design.
- Collaborated with the design team to translate user interface designs into functional code.

### Front End Intern

Pejudal Agency  
08/2023 - 05/2024

- Enhanced the user and functionality of Pejudal's platform by building and maintaining a robust, responsive, secure, and scalable frontend architecture.
- Ensure that the frontend architecture can handle increased loads and provide a smooth user experience.
- Optimize frontend code for faster load times and better performance across different devices.
- Worked with backend developers to manage data flow between the frontend and databases.
